

WHAT ARE 'WARNING DAYS'?

A nationwide 'Warning Day' is held once a year, when the above-mentioned warning systems are tested to make sure they are working. Warning and all-clear notifications are also sent out using the warning apps listed here. Our social media channels will inform you about this alarm test at the same time.

**THE YEARLY WARNING SYSTEM TESTS
WILL TAKE PLACE ON EVERY
2ND THURSDAY IN MARCH
AND SEPTEMBER.**

WHERE CAN I FIND INFORMATION?

- Loudspeaker announcements
- via text message on your mobile phone (automatic)
- <https://www.koblenz.de/feuerwehr>
Press releases
- twitter.com/FWKoblenz
- KatWarn (disaster warning app)
- NINA (emergency information and news app)
- ANTENNE KOBLENZ, 98.0 MHz
- SWR 4 Koblenz, 107.4 MHz

WHAT SIREN SIGNALS ARE THERE?

WARNING!

**High-low siren
lasting for 1 minute**

**An incident has
occurred nearby**

**Keep calm and
follow the instructions**

All-clear

**Continuous tone
lasting for 1 minute**

The danger has passed

**You no longer need to
follow the instructions
given earlier.**

WHAT SHOULD I DO?

WHAT TO DO

- Keep calm
- Listen to loudspeaker announcements
- Go to your apartment or another building
- Close the doors and windows
- Help children and vulnerable people and give shelter to any passers-by who need help
- Use the sources of information listed here (see reverse)
- Inform the neighbours in your apartment building
- Leave your children at school or nursery – they are safe there
- Switch off the air-conditioning or ventilation
- Only dial 112 if you need emergency assistance yourself

WHEN WILL A WARNING SOUND?

Serious incidents pose a threat to your safety and your property. Warning and informing the public is an important part of fire and disaster protection. As a member of the public, you can help to keep yourself safe and protect your relatives and neighbours by following these instructions.

WE WILL WARN YOU OF INCIDENTS SUCH AS:

- Major fires
- Storms
- Flooding
- Bomb disposal
- Leaks of harmful substances
- Other acute hazards

if they affect a significant number of people in your area.
